

Meeting, August 31 - September 2, 2007, Budapest

Dear Friends,

According to our last agreement, we meet at the end of August in Budapest.

Content

As a basis for our work we suggest a letter, written by Georg in 1979: *De Profundis*. The basic question of this letter is: *What can we do for the future?* We intend to follow this question in a meditative way during our meeting. Further related text, we suggest to meditate:

De profundis
1. John 2. 20, 27 (in Hungarian, German and English)
V. Moses 30, 11-14 (in Hungarian, German and English)
Revelations 21-22
Being Aware of the Logos (last par. of the 8. and first of the 9. chap.)
Philosophy of Freedom (addendum of chap. 8 and begin of chap. 9;)
Levels of Consciousness: The basic spiritual experience (in German)
Soft Will: On research meditation
